Frontend Developer with 4+ years of experience building and maintaining web applications using React, Next.js, and TypeScript technologies. I specialize in creating scalable UI components, optimizing performance, and collaborating with teams to deliver user-friendly solutions.

Experiences

Frontend Developer
SnappPay
https://snapppay.ir
Nov 2024 - Present
Tehran, Iran

Frontend Developer
SADAD
https://sadad.co.ir/
Feb 2024 - Nov 2024
Tehran, Iran

- I developed and maintained high-quality web applications using Angular and Nx.
- They used an outdated date picker, so I created a new one from scratch and put it on their package.
- I've implemented a sidebar menu with unlimited leaves, and its children are dynamically generated based on user permissions obtained from the API.

Frontend Developer
TashilCar
https://tashilcar.ir/
Dec 2022 - Nov 2023
Tehran, Iran

- I worked with React, Next.js, TypeScript, styled-components, Git, and Figma.
- I used React Query for API state management and caching.
- I developed an icon package for them. It imports icons from a Figma file and exports them as a React component.

Frontend Developer
Fanap Plus
https://fanap.plus/
Jan 2021 - Nov 2022
Tehran, Iran

- I implemented a recursive comment component to render comments infinitely.
- I used technologies such as React, Next.js, TypeScript, Tailwind CSS, Git, and Figma.

Frontend Developer
Arsh E-Commerce Service
https://www.arshcentre.com/
Nov 2019 - Dec 2020
Tehran, Iran

- Developed various web applications, from the admin panel to e-commerce and map-based web apps.
- Built and maintained the company's website using WordPress and other frontend technologies.
- I have experience working with React, React Redux, Redux Saga, Formik, Bootstrap, Flow, and styled-components.
